warden made this emphatic statement she smiled and withdrew quickly. It was Mrs. Buchanan, and she had just left her husband. Warden Sage made the statement accredited to him after meeting at the train his messenger whom he had sent to Albany. Frank B. Burroughs, the messenger who has been in Albany for two days with copies of the paper served on the warden and presented to the United States Courts, returned at 9 o'clock tonight with word that the Attorney-general's department at Albany declined to give an opinion in the matter, other than the verbal one that it would be all right to proceed. Warden Sage sent him right back to Albany to await a written decision.

The warden does not expect an opinion or an answer from his telegram until tomorrow, and it therefore is reasonable to believe that there will not be an execution till Tuesday at the earliest.

No Stay for Buchanan. SYRACUSE, N. Y., June 30 .- Attorneygeneral T. E. Hancock was seen late this evening by a reporter and asked regarding his movements in the case of Dr. Buchanan, whose execution is expected to take place to-morrow morning at 7 o'clock. He said that he had been asked a number of

times by warden Sage to express an opin-ion. He said: "I have given my opinion, and if he does not want to go on and execute this man he can keep him." The Attorney-general this evening replied to a telegram from warden Sage as follows: "I do not think the last proceedings operate as a stay. Have no further advice to Mrs. Buchanan to See the Governor. RHINECLIFF, N. Y., June 30 .- Mrs. Buchanan arrived here to-night at a late hour, coming direct from Sing Sing. It had

been her intention to see Governor Morton

NOT TO BE PUNISHED.

The City Attorney Lays Down a Queer Set of Principles for Not Prosecuting the Defaulter.

OMAHA, Neb., June 30,-There is much discussion in Omaha as to whether or not defaulting Treasurer Henry Bolin shall be prosecuted. The record shows that at least \$25,000 of city funds were missing when Bolln was deposed. As this was made good by bondsmen and the city lost nothing, some were for letting Belln escape further prosecution. But a most remarkable feature of the case was made public to-day, when a letter from acting City Attorney Cornish was printed. He boldly declared in favor of letting Bolin off in the following letter to Mayor George P. Bemis:

"Dear Sir-In response to request for in-formation as to your legal duty in the mat-ter of Henry Bolln, city treasurer, permit me to state that powers conferred on a me to state that powers conferred on a Mayor and penalties provided by law are intended to subserve a useful purpose and not as a means of persecution. That Bolin has violated the law is beyond question. It should also be remembered that Bolin has lived in this city for thirty years; that up to two months ago no man had a better reputation for integrity than he, and no official a better record in the performance of his official duties than Bolin. If a reputation is to avail anything, it ought to be in cirto avail anything, it ought to be in cir-cumstances like the present. Now he has lost his reputation and his record in office during several terms past is sullied, his property is all turned over to his bondsmen, his means of livelihood are suddenly cut off, and his sufferings are such as but few endure. To attempt further punishment would look make like persecution than the performance of duty.

"You should endeavor to disregard the harangue in the City Council and the paragraphs in the newspapers, all of which are so evidently intended to work up senti-ment favorable to various political move-ments this coming fall. * * * "In the case of Henry Bolln there are a of extenuating circumstances There is no evidence thus far that any record has been mutilated or falsified in the least. The shortage of that office appeared first hour of the investigation, the vestigation. There was no attempt to cover or hide a single act. Had Bolln intended to steal there would have been attempts to in this case. Had such been his intention there is no reason why his shortage should not have gone up into the hundreds of thousands. It is evident that not only the city will not lose a dollar, but even Bolln's bondsmen are not likely to lose a dollar in this matter. And I do not think Bolln should be further punished

No steps have yet been taken to arrest Bolin. If one warrant is issued, many others must be, for many politicians are guilty of participating in the deal.

WICHITA, Kan., June 30 .- Editor Isenberg, of the Enid Wave, whose trenchant pen caused the death of Register Patterson, of the land office, and city Marshal Williams, and who left the city on the night of the tragedy, wrote a letter from Kingfisher to the editor of the Wichita Eagle to-night, in which he says: "I shall never cease to regret the sudden taking away of two men who have been closely associated with me in newspaper life in Enid. If it were possible to restore the lives of Mr. Patterson and Mr. Williams, I would gladly give all I have on earth and start life anew. I have wished several times since the deplorable wished several times since the deplorable affair happened that one of the leaden messengers aimed at me had taken mortal effect. While my conscience is clear in this affair, still I am at present a nervous wreck, besides being almost blind from powder in my eyes. I desire to state that while I had been threatened with death or great bodily harm, I was not armed."

Mason upset it in midstream, but a passing boat rescued his wife. In the evening they started across again with Adrian and William Barbour. Mason again attacked his wife, but the others pulled him off, and in the fight the cars were lost. Then Mason defight the oars were lost. Consul Doty to Be Scolded for Taking a Tahiti Woman as His Wife-Other Washington News.

WASHINGTON, June 30 .- The treasury deficit for the fiscal year just closed will be found by to-morrow's debt statement to be approximately \$43,250,000. This added to last year's deficit of nearly \$70,000,000 makes the excess of expenditures over receipts since June 30, 1893, about \$113,250,000. The total receipts of the government this fiscal year, exclusive of postal reveaues, amount to nearly \$213,000,000 and the expenditures \$356,250,000, of which sum pensions took \$141,391,623. Last year the aggregate receipts, less postal revenues, were \$297,722,019 and expenditures \$367,525,279. The receipts this year therefore were \$15.278,000 greater than last and the expenditures about \$11,275,000 less. The postal service EMBEZZLING TREASURER OF OMAHA | deficit is about \$11,000,000; which is con-

siderably in excess of any recent year. The internal revenue department of government has contributed this year to the receipts nearly \$143,000,000, against a little more than \$147,000,000 last year. The customs receipts this year make a better showing than last by about \$21,000,600. Last year the receipts from this source amounted to nearly \$132,000,000 and this year they approximate \$153,000,000. Of this amount sugar contributed about \$17.350,300, the im ports for the nine-and-a-half months during which the 40 per cent. ad valorem duty has been collected amounting to about 43,250,000 pounds, of which about 42,300,000 pounds was cane sugar, and the remainder beet.

To-morrow's debt statement will show an available cash balance of about \$195,-000,000, of which about \$107,500,000 is gold reserve. This reserve will include payment in full for the last bond issue, but the statement will show a counter debt charge of only \$31,157,700 in bonds, or one-half of the whole amount issued. in explanation of this seeming error it is said that the formal transfer of the London half of the bonds has not yet been made. The expenditures for July will be exceptionally heavy, pensions and interest alone are expected to amount to \$23,000.000

Among these are noted the search for the Ivanhoe, supposed to have foundered on the 28th of September last off Cape Flattery on the Pacific, in which three of the vessels, viz., Grant, Rush and Corwin, joined. In its winter cruising operations, during the unusually severe weather of the last season, it rendered services to dis-tressed shipping of more than ordinary value and importance. THE NAVY SERVICE. A law has been secured, placing on "permanent walting orders" all officers of the service who are "permanently incapacitated to perform efficiently the duties of their offices." In carrying into effect the provision of this law, it is claimed that the service has been greatly benefited by the removal from the active list of a large number of officers who, through no fault of theirs, are no longer capable of performing duty and promoting younger men the vacancies thus created. for Tahiti the department at Washington will forward a stern reprimand to J. Lamb Doty, consul at Tahiti. Recently the marriage of Consul Doty to a native Tahiti girl was announced, and owing to Doty's high Eastern connections the news created considerable comment. It has been learned that Doty's marriage is according to native rites. The only legal marriage recognized by the French government, which has dominion over Tahiti, is that performed according to French laws. The news of this mock marriage, together with reports of Doty's inattention to business, have reached Washington and the reprimand is the re-

New Army Regulations.

WASHINGTON, June 30 .- The army regulations which have been revised by Assistant Secretary of War Doe have been subjected to critical examination by the different officers of the War Department who are familiar with the various duties which pertain to the army. Mr. Doe has invited the most competent criticism and suggestions, it being his desire to make the regulations all that the army needs for its government. The regulations will no doubt be promulgated in a short time. The principal changes have already been made public.

OUTLAWS BREAK JAIL

DESPERATE FIGHT AND ESCAPE OF PRISONERS AT OKLAHOMA.

Vic Casey and Officer Jones Killed and a Posse, with Bloodhounds, Now After the Fugitives.

OKLAHOMA CITY, O. T., June 30 .- As a result of a jail delivery at this point at 6 o'clock this evening two people are dead and several wounded, more or less severely. When Jailer Garver entered the corridor of the jail at the usual time to lock the prisoners in their cells, Robert Christian, Vic Casey and William Christian made a savage onslaught on him with weapons which they had managed to secrete. He was struck a terrific blow over the right eye and knocked insensible. The prisoners dashed over his body and away to freedom, scattering the people on the crowded streets and keeping at bay their pursuers with a rapid discharge of re-volvers, which in some manner they had

Vic Casey jumped into a passing vehicle containing a man and a woman and at the muzzle of a pistol compelled them to jump out. Almost before they had time to obey his command, Chief of Police Jones opened fire on the escaping prisoners, who romptly returned the fire. A perfect usillade then took place between Christian and Casey and several officers. Casey and officer Jones were instantly killed and another man was shot through the leg and a lead officer's horse, while the other comand drove funously out into the country requisition and there is but little doubt lynching will surely follow. Vic Casey was nineteen years old. He killed Deputy Marshal Sam Harris at Lukon, O. T., last summer. He would have been released on bond to-morrow. Bob and Will Christian were noted thugs and desperadoes and were confined on the charge of killing Deputy Marshal Turner, of Tecumseh, O. T., several months ago.

AN INSANE MAN'S LETTER.

Attack on Governor Hastings by His

Long-Missing Brother. PHILADELPHIA, June 30.—The Press will say to-morrow: Within the past few copies of a letter bearing a foreign postmark and containing a most outrageous attack upon Governor Hastings. have also been received in other parts of the State. It was written by Mai. William H. Hastings, who left here last February a suspicion in the minds of many of his friends of an impaired mind. To what part of the world he had gone was for time unknown, but it was finally learned that he was in France, and subseuently reports confirmed the worst susicions of his mental condition. The letter, ostensibly addressed to his brother, the Governor, but which he has apparently mailed to every one whose name he could procure, makes a demand for \$23,900 claimed to be due him. The demand is accompanied by statements so vile and inde-cent that it would be libelous to put them in print, and are of themselves sufficient to show the diseased condition of the mind of the writer. Among other things the old Johnstown charges, against which the Governor has recently secured a com-plete vindication in court, are gone over.

LEADVILLE, Col., June 30 .- The big Rex mine was drowned out to-day, and shaft. All the workmen made their escape. These people have spent thousands of dollars in sinking and pumping the plant. They were pumping over 750,000 gallons an hour when the flow commenced to increase, and drove them up level by level from the bottom, 365 feet. Ore, believed to be very rich in gold, was just being uncovered when the mine was flooded. It is likely a mammoth pumping plant will be put in and the shaft drained at once.

Captain of a Norwegian Steamer from Stherin Brings Alarming News from Siberit,

TROOPS MASSING

BOTH NAVAL AND LAND FORCES READY TO MOVE SOUTH ON JAPAN.

Railroad to Be Pushed South Into Manchuria by the Czar's Orders-Other Foreign News.

TACOMA, Wash., June 30 .- The Norwegian steamer Oscar II, which arrived today, eighteen days from Vladivostock, Siberia, brings news that indications are good for another Oriental war. Unknown to the outside world, Captain Sanderson, of the steamer, says that Russia has massed 80,000 men at Vladivostock, and it is believed in Siberia that preparations are being made for an advance on Japan Captain Sanderson says:

"Russia has been secretly but actively at work, and in the event of trouble with Japan is preparing to hurl a formidable naval and land force into the coveted territory which Japan has wrested China. Their ships and troops have been massed at Vladivostock, where the scene is decidedly warlike. The entrance to the harbor at Vladivostock is planted full of Russian pilots, who know where the torpedoes are planted. My vessel was escorted in this manner, both coming and going out of the harbor. Inside the harbor the entire Pacific fleet of Russian war ships are massed ready to steam down the evidence is clear that Russia is fully prepared for trouble in case the Japanese give

"The massing of these ships and troops at Vladivostock has been secretly dane by taken to prevent the spread of any intelligence regarding the actual force she has quartered there. Russia's designs, of course, cannot be told, and are purely conjectured, but it is clear that if she builds a railway line south from Vladivostock to the Yellow sea her intention is to obtain an open port and hold it at all hazards. The whole country looks like war and the situation is considerably strained, but the peace element is hoping that the tension may be relieved

It was intimated to Captain Sanderson before he left that the government would be pleased if he did not take pains to spread his knowledge of the operations at Vladivostock, but he did not hesitate much this evening when asked to tell what he knew, the facts. The Oscar II carried to Vladivostock a cargo of cement used in constructlog the trans-Siberian railroad. Captain Sanderson says the construction of this road is being rapidly pushed, the Czar of Russia having given orders to finish it as quickly as possible. As soon as this line is finished he says the Russian government interes extending it from Vladivostock south through Manchuria and Corea to ah
